

DENZEL LEE

Frontend Developer

Westmont, Illinois

A recent grad transitioning from IT to Frontend Developer, creating or redesigning websites for small businesses to perfect my craft in Frontend Development. Looking for a company I'll be able to hone my skills in Development.

WORK EXPERIENCE

NTT DATA

Client Field Tech Service Associate | Jun, 2017 – Current

- Manage database of assets deployed in the environment and track inventory of available hardware for break/fix deployment
- Assisted a average of 125 users per week in solving problems using available hardware and software tools

EDUCATION

AURORA UNIVERSITY

B.A. - Computer Science | Aug, 2011 – May, 2016

PROJECTS

GRANNYB'S SOULFOOD

Web Developer | Mar, 2017 – Current

Completely redesigned the website using HTML and CSS making it responsive, cross browser compatibility, and improving the user experience, which increased sales.

LEE-WAY PHOTOGRAPHY

Web Developer | Mar, 2017 – Current

Built from scratch to showcase photography for future clients. Design to show the different type of shoots the photographer had.

SKILLS

Javascript

React

HTML

CSS

MYSQL
